

BRANDY DE JEREZ

Solera Gran Reserva

Valdespino Rare is a selection of three outstanding spirits, aged in sherry casks at Valdespino Bodega, under the solera and criadera system. The range includes a Caribbean old rum, a blend of Spanish and Scottish malt whisky and a very old Brandy de Jerez Solera Gran Reserva.

This Brandy de Jerez Solera Gran Reserva originally comes from the oldest soleras founded in 1842 at Valdespino Bodega. Obtained by the distillation of the finest *iholandasí* and aged under the solera and criadera system for over 25 years, in centenary casks previously used for the aging of their famous *Fino Inocente* and a very old *Amontillado*.

Dark mahogany with amber reflections. The nose has intense oak and spicy notes, with a nutty and toffee background. Warm and complex on the palate with hints of candied orange, noble wood, honey and hazelnut. Very intense and long aftertaste.
